CAREER ASPIRATION

Motivated Electrical and Electronics Engineering student with foundational knowledge in Java, Embedded Systems, Matlab, Power Electronics, and C programming. Seeking an entry-level position to apply technical knowledge, problem-solving skills, and passion for learning to contribute to organizational growth.

EDUCATION

B.E-ELECTRICAL AND ELECTRONICS ENGINEERING

2023 – 2027

SHREE VENKATESHWARA HI-TECH ENGINEERING COLLEGE

- CGPA :9.08/10

Diploma / Industrial Training J.K.K. Munirajah Private Industrial Training Institute

2019 – 2021

Percentage: 87.2/100

Mangalam Higher Secondary School

2018 – 2019

- HSC
- Percentage:59%

TECHNICAL SKILLS

Programming Languages

- JAVA
- C
- PYTHON

DOMAIN SKILLS

Matlab
Embedded Systems

PROJECTS

HOSPITAL MANAGEMENT SYSTEM

Technologies: Java, Spring Boot, MySQL, HTML, CSS, JavaScript (or mention the technologies you actually used) **Project Description:** Developed a Hospital Management System to streamline hospital operations by managing patient records, doctor details, appointments, billing, and medical history through a centralized system

CERTIFICATES

- Java Course -Gateway Software Solutions
- Core Java-ETS Academy

EXPERIENCE

- CORAL REWINDING - [2025]
- Assisted in the inspection and maintenance of electric motors.
- Learned motor rewinding techniques and coil winding processes.
